

## PRESIDENT DEFINES SPIRIT OF AMERICA

### DELIVERS MEMORIAL DAY ADDRESS AT ARLINGTON

Executive Warns Citizens of Foreign Birth Not to Set Themselves Against the Purposes of the Nation—Calls on Young Men to Perform Voluntary Military Service.

Washington, May 30.—President Wilson delivered a Memorial Day address here today in which he defined the spirit of America, warned citizens of foreign birth not to set themselves against the purposes of the nation, called upon young men to perform voluntary military service and defended his recent suggestion for an alliance of nations to preserve peace. He spoke at Arlington National cemetery before an audience made up largely of civil war veterans who applauded him vigorously.

While he declared he had no harshness in his heart for Americans of foreign birth and expected them still to love the sources of their origin, the president said:

"America must come first in every purpose we entertain and every man must count upon being cast out of our confidence, cast out even of our tolerance who does not submit to that great ruling principle."

Universal training and preparations were possible, Mr. Wilson declared, only if the men of suitable strength and age will volunteer. He said the acid test was about to be applied to business men to see whether they would allow their employees to volunteer. He said the army reorganization bill now bristled before him with that interrogation point which he warned all the business men of the country was staring them in the face.

The president said in part: "Whenever I seek to interpret the spirit of an occasion like this I am led to reflect upon the uses of memory. We are here today to recall a period of our history which in one sense so remote that we no longer seem to keep the vital threads of it in our consciousness, and yet is so near that men who played heroic parts in it are still living, are still about us, are still here to receive the homage of our respect and our honor. They belong to an age which is past, to a period the vital threads of which no longer vex the nation, to a period of which may be said that certain things which had been questionable in the affairs of the United States were once and for all settled, disposed of, put behind us and in the course of time, have almost been forgotten."

"It was a singularly complete work that was performed by the progress of blood and iron at the time of the Civil War and it is singular how the settlement had ruled our spirits since it was made. I see in this very audience men who fought in the confederate ranks. I see them taking part in these exercises in the same spirit of sincere patriotism that moves those who fought on the side of the union and I reflect how singular and how handsome a thing it is that wounds, such as then were opened should be so completely healed and that the spirit of America should so prevail over the spirit of division. It is the all-prevailing and triumphant spirit of America, whereby our common action and consent governments are set up and pulled down, where affairs are ruled by common counsel, and where by the healing processes of peace all men are united in a common enterprise of liberty and of peace."

"And yet, ladies and gentlemen, the very object for which we are met together is to renew in our hearts the spirit that made these things possible. The union was saved by the processes of the Civil War. That was a crisis which could be handled. It seems to me no other way, but I need not tell you that the peculiarity of this singular and beloved country is that its task, its human task, is apparently never finished; that it is always making and to be made. And there is at present upon us a crisis which seems to threaten to be a new crisis of division. We know that the war which is to ensue will be a war of spirits and not of arms. We know that the spirit of America is invincible, and that no man can abate its power, but we know that that spirit must upon occasion be asserted and that this is one of the occasions."

"The war in Europe has done a very natural thing in America. It has stirred the memories of men drawn from many of the belligerent stocks. We have no criticism for men who love the places of their birth and the sources of their origin. No man quarrels with that. But all that we do criticize is that in some instances—they are not very numerous, but in some instances men have allowed this old ardor of another nationality to overthrow their ardor for the nationality to which have given their new and voluntary allegiance."

"And so the United States has again to work out by spiritual process a new union when men shall not think of what divides them, but shall recall what unites them, when men shall not allow old loves to take the place of present allegiances, when men must on the contrary, translate their very ardor of love of country of their birth into the ardor of love for the country of their adoption and the principles which it represents. I have no harshness in my heart even for the extremists in this thing which I have been trying in moderate words to describe, but I sum-

## BUSINESS WILL CEASE FOR FIVE MINUTES AS TRIBUTE TO HILL

Nearly Every Business House in St. Paul Will Close All or Part of Today—Funeral Will Be Held This Afternoon.

St. Paul, Minn., May 30.—Beginning at two o'clock tomorrow afternoon and continuing for five minutes there will be a complete cessation of business in St. Paul as a city's tribute of respect to the late James J. Hill whose funeral is scheduled to begin at that time. Scores of other cities and towns throughout the northwest also will honor the memory of the railroad builder who is considered to have done so much toward the rebuilding of the country. All trains on the Great Northern and Burlington railroad systems, of which Mr. Hill was the recognized head, will stand still for five minutes beginning at two o'clock, and all activities on the two roads will cease during that time.

The body lay in state today in the big drawing room of the Hill mansion in Summit avenue. It is estimated that more than 5,000 persons filed past the casket. These included a large number of employees of the Great Northern railroad, many of whom had known Mr. Hill since he first began his railroad activities. These latter for the most part wore the well-known bronze insignia of the association known as "Veterans of the Great Northern railroad."

One of the first persons to visit the bier of the "empire builder" as Mr. Hill frequently was designated, was J. M. Gruber, operating vice president of the Great Northern railroad. Behind him came Harry Keltner, a section hand. They never had met, but they both knew "Jim" Hill. And both were quite overcome with emotion as they looked their last upon the face of their common friend. Both were led sobbing from the room.

Another man who filed past the casket in the drawing room was Henry Hinkers. He joined the service under Mr. Hill fifty-five years ago and has been with the Great Northern continuously ever since. He is a foreman in the shops here.

"The best friend I ever had," Hinkers sobbed and dashed the tears out of his face with the back of a gnarled, calloused hand.

Nearly every business house in St. Paul will be closed tomorrow out of respect to St. Paul's noted dead. Some places will be closed all day while many others will be closed only an hour, during the obsequies, which will be held at the family residence.

## CLUB WOMEN HOLD ONE OF BUSIEST SESSIONS OF THEIR CONVENTION

Nominating Committee Reports Official Slate—Mrs. Cowles and Mrs. Sneath Are Only Candidates for President.

New York, May 30.—Delegates, alternates and visitors attending the thirteenth biennial convention of the General Federation of Women's Clubs in this city observed Memorial day by holding one of the busiest sessions of the convention. The nominating committee reported the official slate, after an address by Governor Whitman. As was predicted, Mrs. Josiah Evans Cowles of Los Angeles and Mrs. Samuel B. Sneath of Tiffin, Ohio, were the only candidates for the presidency. There also are to be contests for recording secretary, for treasurer and for auditor. The balloting will begin tomorrow morning and continue through the day. The results are to be announced Thursday. Four amendments to the by-laws were adopted today.

They provide that the clubs dropped from membership can be reinstated after the lapse of two years by payment of a membership renewal fee of \$2; that the outgoing treasurer shall, within one month of the close of the biennial session turn over to the new treasurer all money and documents in her possession with a sworn report; that the newly elected members of the board of directors shall perform the duties assigned to them by the officers of the board; and that the legitimate expenses of department and committee members in the service of the federation be paid.

At the conference of the public health committee this afternoon, addresses were delivered by more than a dozen speakers of national prominence. All agreed that the federation was a potent factor in improving the health of the nation.

## GRIEVES TO DEATH OVER KILLING BOY ACCIDENTALLY WITH AUTO

TERRE HAUTE, Ind., May 30.—On May 21, an automobile driven by Leo O. Bales, ran down and killed Leonard Harold, 13. Yesterday, Bales died of a broken heart, although he was found blameless of the accident and exonerated by City Judge Newton in a letter written at the request of Bales' physician, in the hope of saving the man's life.

Witnesses to the accident said Bales was blameless.

REAR-ADMIRAL MURRAY DIES.

Washington, May 30.—Rear-Admiral John F. Murray, retired, of Boston, died at the naval hospital here today, aged 76. He had been ill since suffering a stroke of apoplexy four weeks ago. He was born in Maine, was a veteran of the Civil and Spanish Wars and served as the first commandant of Honolulu in 1900. A widow survives him.

## GERMANS CAPTURE FRENCH POSITIONS

### PARIS PARTLY ADMITS GAINS MADE DURING VICIOUS FIGHTING

Austrians Begin Another Attack in the Posina Region of Italy—Russ Repulse German Offensive—Germans Are with Bulgars in Advance in Greek Macedonia.

French positions on a front of approximately two miles, extending from the southern ridge of LeMort Homme to the Cumieres village, northwest of Verdun, have been captured by the Germans, according to the latest official communication from Berlin. In addition the Teutons again have pressed forward in the Thiaumont wood, northeast of Verdun, and added to their line in the eastern part of it.

These gains made during the vicious fighting of Monday have been partly admitted by Paris which has reported the loss of 300 meters of advanced trenches northwest of Cumieres and the retirement from similar positions to the south of the road between Bethancourt and Cumieres. Berlin says the Germans captured 1,313 prisoners, including several staff officers.

Around LeMort Homme and Cumieres a violent bombardment is still in progress, but there has been a diminution in the intensity of the fire of the big guns northeast of Verdun. Since the fighting of Monday there apparently have been no infantry attacks anywhere on either side of the Meuse. The Austrians have begun another attack against the Italians in the Posina region of Italy, southwest of Posina, and farther along the upper reaches of the Astico river, on the Austro-Italian border. South of Posina, Austrians prepared for their offensive with a bombardment, but, according to Rome, the Italians, after a desperate struggle against the Austrian infantry, retained their positions.

In the Lagarina valley on the Pasobio sector, and in the Sugana valley at Ospedaletto, the Austrians are heavily bombarding the Italian positions. On the Russian front the Germans essayed an offensive northeast of Augustinof, but were driven back to their trenches by the Russians. The Austrians in Galicia met with a momentary success near Gliadki, driving the Russians from a position and capturing it. The Russians, however, in a counter attack recaptured the post. Near Boutehache the Austrians attempted an offensive, but it was put down by the Russian fire.

On their front in Asiatic Turkey the British reported the situation unchanged. Constantinople says near Felahe near the Kut-El-Amara region, the Turks silenced two British guns and took prisoners in a surprise attack. The Germans are with the Bulgars in the advance into Greek Macedonia. The invasion according to Berlin was made as a protection against a surprise attack which the entente allies were planning.

The total subscriptions to the recent Austro-Hungarian war loan are said to have reached six billion crowns. Germany is soon going to ask for a war credit of 12 billion marks, according to a British newspaper.

## UNITED PRESBYTERIAN CHURCH NAMES BOSTON FOR NEXT MEETING

CLEVELAND, O., May 30.—Selection of Boston as the meeting place in 1917 and the appointment of standing committees featured the closing sessions of the fifty-seventh general assembly of the United Presbyterian church tonight.

The officers of the board of education of the church, now stationed at Monmouth, Ill., were ordered moved to Chicago, in order to be more accessible.

Rev. W. B. Anderson, D. D., of Philadelphia, was chosen secretary of the board of home missions and K. D. Kyle, of Monmouth, Ill., secretary of the board of education was re-elected. Rev. J. W. Griffin, D. D., pastor of the First United Presbyterian church, was chosen moderator alternate.

An unsuccessful attempt was made by the nominating committee to name Rev. O. A. Keach of Akron a member of the board of home missions in place of J. E. Echenauer of Pittsburgh.

## FIRST "WAR-BRIDE" OF TEXAS NATIONAL GUARD IS MARRIED

SAN ANTONIO, Tex., May 30.—The first "war bride" of the Texas National Guard was married here last night to Corporal Walter Rimmer, Company I, Third regiment, who promised to "love and cherish."

A visit to the mobilization camp at Fort Sam Houston shortly after the state troops were gathered there was the beginning of the romance which was brought to a swift culmination by orders yesterday for company I to proceed to San Benito. Company I acted as "best man" at the ceremony.

## TELEGRAPHIC BRIEFS

LOUISVILLE, Ky.,—In commemoration of the death of Harry C. Pulliam, late president of the National league, who died in July, 1909, a floral wreath was placed on his grave in Cave Hill cemetery by the Baseball Writers' Association of America.

LONDON.—Lieut. Gerald Spring-Rice, the younger brother of the British ambassador to the United States, Sir Cecil Arthur Spring-Rice, has been killed in action. He was 52 years of age.

DUBLIN.—Via London.—Professor John MacNeill, president of the Sinn Féin volunteers who last week was found guilty of complicity in the Irish revolt, has been sentenced to life imprisonment and the sentence has been confirmed.

ST. LOUIS.—Thomas B. Rodgers, for twenty-seven years assistant adjutant general for the department of Missouri, Grand Army of the Republic, is dead. During the Civil war he was lieutenant-general of the 140th Pennsylvania regiment.

CARMI, Ill.—George W. Hughes, aged 88, a Mexican war veteran, is dead here.

WILKESBARRE, Pa.—One man was killed and eight others were injured when a big automobile bus with 180 persons aboard backed over a ten-foot embankment at Bear Creek, near here.

SEATTLE, Wash.—Frank P. Coffin, a 73-year-old Civil war veteran dropped dead while delivering an address on patriotism to school children at Memorial day exercises at Duwamish, a suburb.

BERLIN.—Via London.—According to the Tageblatt, the credit to be asked in the Reichstag within a few days will be 12,000,000,000 marks, not 10,000,000,000, as announced previously.

CRESTON, Iowa.—Leo S. Fleming, postmaster of Arispe, Iowa, was arrested on a charge of misuse of government funds. Fleming will be brought before U. S. Commissioner Hunt here for a hearing.

## COMPLET, FINAL ARRANGEMENTS FOR PROGRESSIVE CONVENTION

Porter Announces 1,068 Delegates and More Than 750 Alternates Will Attend.

Chicago, May 30.—Final arrangements for the Progressive national convention to be held here June 7th., were completed today.

"There will be 1,068 delegates and more than 750 alternates," said George F. Foster, chairman of the committee on arrangements.

The authorized number of delegates provided in the official call of the Progressive national committee is 631 with the same number of alternates but a score of the states are sending double and three times the authorized number of delegates. The entire main floor of the convention hall will be given over to delegates' seats and if this is insufficient we will put the overflow in the first balcony. The alternates will be obliged to sit in one of the balconies. Temporary balconies will be erected on the stage to provide additional seats. Three hundred press seats have been provided. Seventeen boxes have been sold to Progressives and the other boxes will be reserved for guests of the national committee."

## HOLD CEREMONIES FOR AMERICANS KILLED FIGHTING FOR FRANCE

PARIS, May 30.—Impressive ceremonies were held in the Palace des Etats Unis today in commemoration of Americans who had been killed fighting for the cause of France in the present war. The statues of Washington and Lafayette were buried under masses of flowers. President Poincare sent a beautiful wreath and the senate and chamber of deputies sent elaborate floral offerings.

The list of Americans killed was read. It follows:

Kenneth Weeks, Cambridge, Mass. Henry Framsworth, Boston. Harman Edwin Hall and Rene Theliot, Chicago. John Eric Fiske, Wooster, Ohio. Russell Kelly, Fred Stone and Frank Surrey, New York. Jack Janz, Kentucky. Henry Walker, New Orleans. Sergeant Duval.

## BICYCLE RIDER STRIKES AND KILLS A MAN DURING RACE

CHICAGO, May 30.—Fred Van Riet, one of the best amateur bicycle racers in the middlewest, struck and killed a man during the twenty-fifth annual Memorial Day bicycle race today. The rider was arrested to await the result of an inquest on the dead man. The race was run around the lagoon at Lincoln park and 103 riders were entered. William Keil won the time prize. Owing to a mistake of the checkers the winner of first place prize had not been determined today.

## ROOSEVELT WARNS PEOPLE TO PREPARE

### COLONEL DECLARES THERE IS A WAR PERIL IN PACIFICISM

Former President Delivers Four Addresses in Kansas City—States More Americans Have Been Killed in Mexico Than in Spanish-American War.

Kansas City, May 30.—Colonel Roosevelt preached preparedness to four Kansas City crowds today, carrying his warning that there was a peril in pacifism, to all classes of people. His first message was to a group of children that had gathered to greet him. It was "prepare." A few moments later he spoke to a street crowd from the lobby of his hotel. He told them to "prepare." At noon, a guest of the Commercial club at luncheon, he sounded an appeal for preparedness.

The principal speech was at Convention hall tonight. The building was filled with a cheering crowd, each person waving a small flag as a greeting to the visitors. The colonel deviated from his set speech to say a word about Mexico.

"We are told," he said, "that we enjoy peace with Mexico. Eighteen years ago we had a war with Spain. The number of Americans killed in Mexico during this peace with Mexico surpassed the number of Americans killed by Spain in the war with Spain and when the war with Spain was thru, it was thru, whereas peace continues to rage with unabated violence along the Mexican border."

Coming to the question of an invasion of our shores by a foreign force he said that if an army half the size of that which attacked the Dardanelles should invade this country America would be at its mercy.

"If such an invasion was to take place," said he, "against it we would pit an army of ill-trained men—an army of about one-third the size of the invading army, untrained, badly armed, and without the necessary artillery and we would send the young sons of America to be butchered to make good for the fact that we had not prepared in advance."

In the luncheon address the colonel touched on the west's attitude toward the question:

"It has been said," he declared, "that the west is not interested because it would not suffer from war. I know that this is a lie. I would shrink as from a plague from an American who would say that he does not care what happens to another American. Lofly words are poor companions if they cannot be translated into deeds."

A pocket knife thrown at Colonel Roosevelt's motor car during the Memorial day parade here today struck the arm of John W. McGrath, the former president's secretary, and fell to the running board of the car. The secretary said there was no force behind the knife and he believed some one had tossed it towards the car as a joke. Colonel Roosevelt was told of the incident tonight and afterward his secretary issued this statement:

"Colonel Roosevelt regards the matter as an entirely trivial incident and feels that no weight should be attached to it."

The secretary was riding in the front seat of the motor car watching the hands of people along the way, as is his custom. Suddenly a pocket knife with one blade, measuring about three inches, struck his arm a glancing blow. There was little force behind the throw and the knife slipped to the ground, when Ernest Shell, a member of the American legion, escorting the former president, picked it up and handed it to a policeman. The officer, whoever he was, had not reported the incident to the police tonight and the pocket knife had not been recovered.

Another incident of the day was the arrest in the lobby of the Hotel Muehlbach of a man who said his name was Edward McDaniel and his home was at Tulsa, Okla.

He said he had business with Colonel Roosevelt and tried to force his way past the police guard. The police still were holding the man to night, but no charges had been placed against him.

Colonel Roosevelt left on a late train for St. Louis. John McGrath, Colonel Roosevelt's secretary, announced tonight that he would go to St. Louis tomorrow night to Chicago where he would remain until after the Progressive and Republican conventions. He reiterated that Colonel Roosevelt has no intention now of being in Chicago at that time.

After his addresses at St. Louis tomorrow, the former president's plans are to return to Oyster Bay at once, stopping only at Nyack, N. J., where he will speak Thursday at the 25th anniversary of the city's founding according to announcement today.

## WILSON ATTENDS THEATRE.

Baltimore, Md., May 30.—President Wilson came here tonight to attend a theatrical performance of the Friar's Club of New York and for three hours he and a group of some of the leading stars of the country were applauded by a crowd which taxed the capacity of Nixon's Academy of Music.

## S. MEN HUNDRED CIVIL WAR VETERANS MARCH IN NEW YORK

Appearance Before Reviewing Stand is Crowning Feature of Observance of Memorial Day.

New York, May 30.—Seven hundred veterans of the Civil War, proudly carrying their tattered battle flags, marched in review before Governor Whitman here today. Their appearance before the reviewing stand at the Soldiers and Sailors Monument was the crowning feature of the official observance of Memorial Day.

Marching with the veterans as a tribute of respect to the living and to the dead, were detachments from the United States coast artillery, sailors and marines from the New York navy yard, national guardsmen, veterans of the Spanish-American war, boy scouts, camp fire girls and representatives of other organizations. It was estimated there were 15,000 marchers in line.

There were cheers for all the organizations but the lion's share of the applause was reserved for the veterans and many persons in the great throng of spectators stood with uncovered heads as they slowly marched past.

About the parade there was an element of the grim reality of war which has been lacking in other years. Many of those in the reviewing stand characterized it as another "preparedness procession." National guardsmen wore service uniforms and carried blanket rolls and bayonets were on the rifles of the infantry regiments. The officers carried no sabres, but wore service revolvers strapped to their belts.

Memorial exercises at Grant's tomb followed the parade. The battleship Michigan at anchor in the Hudson fired a memorial salute before the services began. Senator Lawrence X. Sherman of Illinois was the orator of the day.

## HOUSE INCREASES NUMBER OF SUBMARINES TO FIFTY

Defeat Proposals to Provide Six Battle Cruisers Instead of Five and Add Two Dreadnaughts and Two Scout Cruisers.

Washington, May 30.—Determined Republic efforts to enlarge the building program of the naval appropriation bill as reported from the naval committee resulted today in the adoption by the house, sitting as a committee of the whole, of an amendment increasing the number of submarines from twenty to fifty. The proposals to provide for six battle cruisers instead of five, and to add two dreadnaughts and two scout cruisers to the program were defeated after a lively fight.

In order to finish consideration of the bill by the time fixed, four o'clock Friday afternoon, the house had a three-hour session today instead of recessing over Memorial day as usual.

So decisive were the votes against additional battle and scout cruisers that the bigger navy advocates virtually have decided to abandon the fight for them, but they still hope to get the two battleships. Another attempt will be made when the house returns to regular form on Friday.

The battleship proposal was lost by the narrow margin of sixteen votes, 130 opposing and 114 favoring. The vote on increasing the submarines was 114 to 104, seventeen Democrats voting for it and no Republicans opposing. The additional undersea boats would be of the coast defense type, seventeen of which were provided by the bill. Many members who have been urging that it would be better to expend money on submarines than on battleships rallied to the support of the amendment after voting against the battleship proposal.

## WOMAN IS KILLED AND MAN BADLY WOUNDED DURING QUARRREL

BLOOMINGTON, Ill., May 29.—Mrs. Edith Doran was shot dead this evening and her brother James Bateman probably fatally wounded during a quarrel at the home of their mother, Mrs. Bateman, eighteen miles northwest of here. The shooting is said to have been done by Ralph Cruise a son-in-law of Bateman. The cause of the quarrel has not been learned. Cruise made his escape, and at a late hour tonight had not been captured, altho Sheriff Puterbaugh, of Eureka, and a large posse of farmers are searching the heavily timbered country along the Mackinaw river.

Cruise was employed on the farm of Mrs. Doran.

## PROTESTS AGAINST SPEECH.

Berlin, May 30.—Via London.—In the Reichstag today Gustav Noske, Socialist, protested against the speech of Herr Hirsch, National Liberal of Essen, which, he declared was calculated to prevent the neutral powers from mediating in behalf of peace. Herr Noske, especially objected to Herr Hirsch's scolding toward President Wilson.

## GEORGE CARSON SMITH DIES.

New York, May 30.—George Carson Smith, financier and railway official died here today at the age of 62 years. He was born at Granville, N. Y.

## BUSINESS MEN ORGANIZED TO BOOST ROOSEVELT

### SATTERLIFE ANNOUNCES COMPLETION OF ORGANIZATION IN STATES

Managers of Campaigns Turn Attention to Contests Over G. O. P. Delegates—Sergeant at Arms Stone Completes Organization of His Staff.

Chicago, May 30.—Completion of an organization of business men in every state in the union pledged to use their influence to induce delegates to the Republican national convention to vote for Theodore Roosevelt as the party's nominee for president was announced today by Herbert L. Satterlife, acting manager of the Chicago Roosevelt Headquarters.

J. Ogden Armour is head of the Roosevelt Business Men's organization in Illinois.

The organization of the entire country by states was begun in New York eight days ago and is a purely volunteer movement, Mr. Satterlife explained. It is expressed the business men will extend aid in Illinois, Indiana, Iowa, Ohio, Wisconsin and other states which have "favorite son candidates" for president in influencing delegates to support Roosevelt as a second choice in the convention. Managers of the Hughes, Roosevelt, Fairbanks, Weeks and Root campaigns have turned their attention to the contest over delegates which will be heard by the Republican national committee beginning June 1st.

There are forty contests involving the seats of sixty two delegates and the managers for the different candidates will closely watch the progress of the fights especially those in the southern states.

Sergeant at Arms William F. Stone of Baltimore today completed the organization of his staff to maintain order at the convention by the appointment of 1,500 assistant sergeants at arms, 100 doorknockers, 100 ushers, 100 pages and 100 messengers.

The Marion Club of Indianapolis, one of Indiana's leading Republican organizations will come to Chicago on a special train next Monday to boom Fairbanks for president. There will be 1,000 members in the party, according to Ralph A. Lemke and Charles W. Jewett who were here today arranging for accommodations for the club. The organization was formed in 1888 to boom Benjamin Harrison for president at the Republican national convention held in Chicago and have not attended a national gathering of the party since.

Mrs. Frank S. Lusk of Missoula, Mont., elected a delegate to the Republican national convention at a direct primary arrived today. She is instructed to vote for Senator Cummins.

## FAMOUS CONFEDERATE RAIDER OF CIVIL WAR DIES IN WASHINGTON

Col. John Mosby Dies of Old Age—Will Be Buried at His Ancestral Home at Warrenton, Va.

Washington, May 30.—Col. John N. Mosby, the most famous Confederate raider of the Civil War, died here today after a long illness. He was a native of Virginia and was 82 years old.

Colonel Mosby's death, his physicians said, was due solely to old age and he was conscious and interested in what was going on about him until an hour before he passed away.

Until six months ago when he went into a sudden decline he was a familiar sight about the streets of the capital apparently vigorous despite his age. He will be buried at his ancestral home in Warrenton, Va., probably Thursday and some survivors of his noted command will be his pall-bearers. His death on Memorial Day was affecting to many.

It was said that he never took part in veterans' reunions because 22 years ago when he attended one of his command at Alexandria, Va., he was so overcome with emotion he was unable to speak. Some sisters, a son and daughters survive him.

## HORSE DASHES INTO CROWD AT PARADE AND INJURES FOUR

CHICAGO, May 30.—Four persons were injured today and 25,000 marchers in the Memorial Day parade were delayed ten minutes, when the horse of Captain McNeill, leading a company of Illinois National Guard became unmanageable and dashed into the crowd of spectators lining the right-of-way of the march at South Michigan Boulevard and eighteenth street.

Throught the march along the boulevard the horse had been difficult to manage and a number of times the solid line of spectators had been forced back from the curb line by the prancing animal. One of the four persons injured when the animal dashed into the crowd is believed to be fatally injured. A dozen persons other than the four were knocked down by those nearest the horse in the effort to escape the hoofs of the charger.

## E. E. CALVIN TO BE ELECTED HEAD OF UNION PACIFIC RAILROAD

OMAHA, Neb., May 30.—"Union Pacific directors will meet Wednesday and elect E. E. Calvin now of the Oregon Short Line to be president of the Union Pacific railroad," says the Omaha Evening Bee. "Mr. Calvin will succeed Mr. Mohler taking office on July 1st. He will, as Mr. Mohler has had, have full authority of president and will not be merely vice-president and general manager as has been suggested.

T. M. Orr, assistant to President Mohler, said that in the absence of official information it was logical that Mr. Calvin would succeed Mr. Mohler who is to retire July 1st. President Mohler is out of the city.

Under the Manchus, Prince Ching held many important offices, and was premier in the Chinese cabinet established by Imperial decree in May, 1911. He was dismissed from the premiership and appointed president of the privy council late in the same year. Upon the abdication of the Manchus, he retired into private life and now resides here.

## WELL ATTENDED SERVICES ARE HELD THROUGHT THE COUNTY

Memorial Day Observances at Franklin, Waverly and Murraville—John M. Butler and Carl E. Robinson Speakers

Memorial day exercises were held Tuesday in Franklin, Waverly and Murraville and well arranged programs, together with propitious weather conditions, made all three observances most successful.

A strong address by Attorney John M. Butler of Jacksonville was given at the Franklin Memorial day exercises, held in the public park with a large crowd attending. Rev. W. E. Keenan presided and introduced the speaker of the day. Three lodges, the Odd Fellows, Rebekahs and Modern Woodmen attended the services in a body. A male quartet composed of Norman, Lora and Edward F. Seymour and Rev. Mr. Keenan, furnished music, as did a mixed chorus which included Misses Grace Hill, Mary Bouliware, Lou Duncan, Maude Rees, Hallie Armstrong, Mabel Wright, Ruby Clark, Edith Clark and Lola Austin. Mrs. William Brewer, Mrs. G. F. Seymour, Rev. W. E. Keenan, Byron Woods, Fred Miller, Alan Keplinger, Edward F. Seymour, Lora and Norman Seymour.

Mr. Butler commented on the hearty manner in which Franklin citizens had turned out to celebrate the day. "We are come together on a day which is set apart for the commemoration of the men who have fought and died in all our country's battles," said he. "This is an occasion on which old scenes present themselves with startling vividness. To a few come the bitter memories of seeing a son or father go forth in answer to their country's call. Again they feel fears worse, indeed, than death itself, as loved ones leave them for the battle front.

"For the old soldier memories of the day bring forth sweet thoughts among the bitter. There come to him the recollection of many unselfish acts, of numberless heroic deeds and of the spirit of comradeship that manifested itself thruout the long weary struggle. He fights again the old campaigns. Once more he is on the march with Sherman to the sea. Once more he hears the din of battle as he charges the enemy. Again the surrender of Lee at Appomattox comes to his mind and the return to again take up those peaceful pursuits which he had so willingly laid down.

"I understand that among the soldiers buried here are some who fought in the Confederate army. A common resting place has been the reward of those who faced each other in the great conflict. Time has blotted out all sectional lines until now. There is no north nor no south. The blue and the gray have melted into one and so, my friends, as you go about this patriotic duty of placing garlands of flowers on the graves of your honored dead, drop a few upon the resting places of those who marched to the strains of Dixie, for they are comrades who have been mustered out by the Great Commander."

## Waverly Exercises.

At Waverly Memorial day was observed by usual decoration of the graves and a program of music and speechmaking in the city park. Music was furnished by the combined Cadet and Waverly Concert band and the old soldiers marched to the park where prayer was offered by the Rev. N. E. Johnson and the assembly joined in the singing of "America." C. F. Wemple, chairman of the day, was heard in a brief address and the Rev. E. E. Smith, pastor of the Methodist church, was introduced as the principal speaker.

Rev. Mr. Smith delivered an address of stirring patriotism, referring to the present troublous times which may yet demand the need of sacrifice on the part of ourselves and holding up for admiration the record of those who so nobly fought and died that the nation might live.

After the address the company went to Waverly cemetery where the soldiers' graves were decorated by children of the town. Special patriotic selections were given by the cadet band. The day was an auspicious one and was by many accounted one of the most successful Memorial days Waverly has seen.

## Services at Murraville.

Memorial day at Murraville was observed with special services at the Methodist church, when an appropriate program was carried out with Attorney Carl E. Robinson of Jacksonville as speaker of the afternoon. The graves of soldiers in Bethel cemetery were visited and decorated early in the afternoon, and on the return the assembly was called to order at the church. The Rev. C. S. McCollom gave the invocation and Miss Beulah Kerner sang. C. J. Wright then read the names of the soldiers buried in Bethel cemetery and the Gettysburg address was read by Miss Melinda McCarty. J. H. Dial was chairman of the afternoon. Mrs. C. R. Short and Miss Mildred Wright gave a duet and Mrs. W. B. Rimbeay a solo.

Marshals of the day were Roy Clark and C. J. Wright. Committees in charge of the ceremonies were: General committee—T. N. Bush, H. E. Millon.

Finance—John Boruff, J. W. Fanning.

Music—W. B. Wright, Mrs. C. R. Short.

Program—J. H. Dial, J. K. Cunningham.

## PEACE PLAN LAUNCHED IN UTILITY AFFAIRS

LIGHT COMPANY TO ASK COMMISSION TO CONSIDER FURTHER EVIDENCE

L. E. Fischer Tells of Wish to Show Further Facts About Production Costs—Citizens At Conference Tuesday Night Passed Conciliatory Resolution—Hope Is That Litigation Can Be Avoided.

A friendly conference was held last night at the Chamber of Commerce rooms between the city commissioners and private citizens on the one hand and representatives of the Jacksonville Railway & Light company on the other. L. E. Fischer, special agent for the company, Graham Brown of Montreal, of the Sun Insurance company, and F. G. Bufile, were representatives of the company. The conference had been arranged by W. E. Veitch and F. G. Bufile upon the suggestion of Mr. Fischer, who comes to Jacksonville at this time with full authority to act for the Jacksonville Railway & Light company in an endeavor to settle satisfactorily the differences existing between the company and the city relative to rates, franchises and paving. This means, of course, with due reference to the fact that the Jacksonville rate case is still pending before the state utilities commission.

### Three Hours of Discussion.

The conference lasted for about three hours and during that time there was a free and easy discussion of the various questions at issue. As a result of the request of Mr. Fischer and the discussion which developed, the following resolution was adopted without a dissenting vote: "That it is the sense of the petitioners in the Jacksonville rate case and of the gentlemen present at this meeting that there is no objection to the Jacksonville Railway & Light company going before the state utilities commission with any additional evidence they may have to present bearing on rates, the attorney for the petitioners being present, and that the petitioners in the rate case will enter their appearance before the commission upon the request of the commission." The motion for the adoption of this resolution was made

by Dr. Rowe, with a second by Henry Frisch.

Those present for the conference in addition to the men already mentioned, were H. J. Rodgers, W. F. Widmayer, J. Edgar Martin, Jerry Cox, Joshua Vasconcellos, G. A. Sieber, Dr. E. F. Baker, Dr. J. R. Harker, Eb Spink, G. E. Doying, A. L. Wood, Frank Matthews, E. E. Crabtree, Carl H. Weber, W. S. Ehnie, Frank Byrns, John W. Larson, J. W. Merrigan, Jay Rodgers, M. R. Fitch, W. D. Doying, Ira Patterson, W. B. Rogers, H. M. Andre, T. M. Tomlinson, Bernard Gause, F. E. Farrell, John S. Hackett, W. J. Brady, J. K. Long, J. O. Monroe, Wood Phillips, and J. W. Walton.

"The conference was quite satisfactory," said Mr. Fischer following adjournment, "and the resolution as passed indicates the friendly spirit of the citizens of Jacksonville, and it is as strongly worded as I could expect. My endeavor in this whole matter is to settle up the differences between the company and the city and thus avoid litigation. It is time to bury the hatchet and I feel that a good beginning was made tonight."

### Electricity Cost Figures Vary.

Carl H. Weber presided during conference and first introduced Mr. Fischer, who made a brief preliminary statement. In effect, Mr. Fischer said that the Jacksonville Railway & Light company, in the belief of its officers, has franchise rights in the city, but since these franchise rights are disputed that it is essential for the welfare of the company that franchises be secured. He said that the company differs from the finding made by the commission as to the cost of producing electricity and that differences are occasioned in part because the commission figures are based upon costs in 1914, whereas cost in 1915 for coal alone were 18c more per ton for fuel coal and 50c more per ton for gas coal. He declared that any rates finally adopted by the company must be compensatory and thus insure a fair rate of return upon the investment.

With reference to the electric rates the company believed that there should be some provision, especially in the schedule wherein rates as low as 3c are fixed, for certain classes of commercial lighting, and in the instances of house consumption of electricity where the amount consumed is 15 k.w. or less. The company, Mr. Fischer said, did not object to an average rate of 95c for gas, but desires that \$1 gas rate apply for 1,000 feet or less.

### Want City Electric Load.

He suggested that if current from the Keokuk dam were available and

it could be purchased at less than it can be produced at the municipal plant, that the city would then buy this current. Then he went on to say that the local company would like to furnish the current for light and pumping at the municipal plant and that by this increased business the company would thus be enabled to produce current at a less average cost.

Mr. Fischer said that he approved the suggestion, made by Dr. Rowe, that this matter be referred to the utilities commission. A rate to be established by the commission at which the company should sell current to the city and no contract to be entered into unless this rate be less than it now costs the city to produce current. In case the proposition were considered by the city the utility commission would make a thorough investigation as to the city's cost for producing electricity.

He then made it clear that the purpose of the conference was, if possible, to reach an agreement whereby the city would join with the company in asking the utility commission to consider additional evidence that the company wishes to present. Mr. Fischer said that if the city would join in such a request and also agree to purchase current from the company if it could be shown that the company could sell the current for less than it was costing the city to produce it, that street paving objections would then be removed and that everything would be moving along smoothly. His argument was that the proposed paving would cause an expense of \$60,000 to \$75,000 for the railway and light company and that the rates proposed by the commission were not large enough to make it possible to earn a reasonable rate of return for the present investment, to say nothing of any additional investment.

### Seek to Avoid Litigation.

It was evident in the discussion that the citizens present did not consider that all the questions suggested by Mr. Fischer could be considered at a conference and it developed that his expectation was that the conference might agree upon one thing only, and that, a prayer to the utilities commission to give the Light Company further opportunity for the presentation of evidence. The motion as finally adopted by the assemblage was intended not to commit the men present to a statement that they believed the commission had erred in fixing the rates, but simply as evidence of a desire on their part to be perfectly fair and evidence of the further wish to avoid any litigation if that be possible.

In other words, the citizens present seemed to be of the opinion that the utilities commission is clothed with such power that after they had spent two years in investigating the local case, for the petitioners to come in now and suggest that additional evidence be taken, would be presumptuous. But the citizens did desire to make clear to the commission their fairmindedness and their wish to reach a final settlement of questions in the most amicable way possible. The thorough understanding existed that so far as franchises are concerned it is useless to talk about them until an agreement has been reached on the rates, for the main point of issue in the franchise would be the rates provided.

### "Get Together" the Slogan.

Mr. Brown, representative of the Sun Insurance company, the corporation that floats most of the traction company securities, spoke very briefly and declared that he admired the beautiful trees, houses and lawns of Jacksonville, but could not extend this admiration to the city streets. Mr. Brown said there was only one thought he had to offer and that was that certainly some way could be found to get together for the benefit of one city and the company. He declared it was constantly more difficult to borrow money for utility corporations unless franchise and rate conditions were very satisfactory.

F. G. Bufile spoke very briefly, emphasizing particularly that getting together is the perfectly obvious thing in the local situation, and that only in this way will it be possible for the best interests of the city and the company to be conserved.

Dr. E. F. Baker said that the city needs the utility company and that later on there should be little difficulty in settling franchise questions. His suggestion was that the company proceed to try out the rates as fixed by the commission and to move by experience that they are compensatory or otherwise, and if proper evidence was then presented, that the utilities commission would be willing to grant increases.

Dr. Edward Rowe emphasized the point that the company has rights and privileges which must be protected and that the corporation must not be harassed in any needless way. He thought that the whole face of utility affairs would be changed within five or six years' time as the current of the Keokuk dam became available. He believed that the street railway earning problem would be solved to a considerable extent if the company was granted the right to haul freight.

### Mayor Rodgers Reviewed Events.

Mayor Rodgers referred to various instances in the franchise discussion between the city and the company and to various steps in the hearing of the Jacksonville rate case. He said that at one conference he told Mr. Chubbuck that the way to settle the Jacksonville troubles and secure proper franchises was to join in the effort to secure public improvements, and that Mr. Chubbuck had replied that the franchises were valueless. The mayor said that the commission had not blocked the light company in any way except in the recent action in turning down a petition for a gas main, that the

commissioners thought the time had arrived because of the company's attitude, to stop granting favors. He said that he had repeatedly asked for a written proposition with reference to any plan the company might have to propose for furnishing light or power and that no such proposition had ever been made. He did not think the city contract was necessary for the company to operate profitably. He said that the question of street paving is not now much value the paving may add to the Jacksonville Railway & Light company property any more than how much it would add to the value of any private property, but the important matter was that the street needed paving for the public good.

### Try Out Rates is Suggestion.

Dr. Harker asked the question if the company could not again go before the commission if the rates, when once tried, proved that the company could not earn proper interest on the investment, and Mr. Fischer replied that the officers of the company would be recreant to their duty if they would willingly go on record as accepting rates, when they had knowledge based on their own records that such rates would not make possible a proper income from the property. Another point that Dr. Harker sought to bring out was that the company should not ask the city to join in a movement for a re-hearing unless the company would make an agreement to abide by the finding of the commission if the commission should reaffirm its original finding.

Bernard Gause asked if the changes in rates suggested by the company would apply only to small consumers, and Mr. Fischer explained that they would apply to small consumers and to the business houses using current on the very low commercial rate suggested by the commission. Dr. Rowe thought that it would be improper to question the commission finding and that the best course was for the company to go ahead and abide by the finding. He said he was not at all afraid of the action the supreme court might take. Dr. Baker was opposed to any formal action of the city in joining in a request to the commission to re-hear a portion of the case as he thought such action would be entirely unprecedented for litigants after finding had been made to ask a court to enter an order of modification.

### Compensatory Rate Defined.

Frank Byrns suggested that no formal finding had been made by the commission and that for the city to now ask a re-consideration would be wholly out of place and this opinion was shared by J. W. Merrigan. Bernard Gause asked what Mr. Fischer meant by a compensatory rate, whether he referred to a rate making it possible for the company to earn a fair return on its actual investment or upon all the bonds and stocks which the company might issue. Mr. Gause said further that he believed the company had gained an erroneous impression of public feeling and had an idea because of the result of the bond election that the public did not have full confidence in the city commissioners. He went on to say that the city was fortunate in the business men now in charge of its affairs. The speaker also considered it very unfortunate that company representatives took such an active part in politics. Mr. Fischer defended the company in this regard insofar as any proposed action would affect their property rights.

Mayor Rodgers reiterated the point that after the commission had spent two years upon the case that it would not be proper for the citizens to suggest that the figures were in error and that a re-hearing should be had. G. E. Doying said that he had no authority to speak for the commission, but knew that in a Jacksonville case that the commission had given approval to an agreement entered between the city and the company after a case had been commenced before the commission.

### Return Figures.

Mr. Weber referred to the company's statement of expenditures and profits for 1915 and the estimate of the returns made by the commission showing a difference of about \$20,000 a year. The net operation profits for 1915 were quoted as \$44,990, with an allowance of \$49,000 for interest on securities. M. R. Fitch referred to the visit of Mr. Chubbuck some months ago and expressed the view that since the rate case had gone thus far, that it was not now time for the city to suggest a compromise.

Commissioners Vasconcellos and Cox did not wish to oppose any plan looking toward an amicable settlement with the company, but did not wish to reopen the case in a way which would tend to make it drag along further. They suggested that any action taken at the meeting should be as citizens and when the matter comes to the commission, that the officials will follow the course that seems best. Frank Matthews spoke as president of the trades assembly and declared that it would be for the best interests of labor to have the differences settled speedily and amicably. He said that laboring men, as a rule, believed in municipal ownership and while, as Mayor Rodgers had suggested, that the question of the local light plant doing a commercial business did not enter into the case at this time, that he could see no reason why the light plant might not be made profitable for the city just as the water plant is today.

### Fair Rates Only Wanted.

E. E. Crabtree expressed the view that citizens, as a whole, do not feel antagonism toward the company and that all they want is fair return for

service rendered, rates which will permit the company to make a reasonable return upon their property. He was of the opinion that it would be proper to join in a correctly worded expression indicating that the city expects the commission to deal fairly with the company based upon all facts obtainable. Mayor Rodgers emphasized the fact that the utility commission act which gives the commission the power to make rates but does not give them the power to compel the companies to accept such rates.

Out of the suggestions made by Dr. Rowe that the company representatives consult with Attorney Stevens in Springfield and then go before the commission for the taking of further evidence, came the resolution or motion which was finally adopted. Prior to this motion, Bernard Gause had offered a motion that it be the sense of the meeting that the city commissioners be requested to confer with the company officials as soon as possible about franchises, and further, that the company consult Mr. Stevens and Mr. Shaw of the commission as to any further evidence about rates that they wished to present. As such franchise questions cannot come up until after the rate case is settled, this motion gave way to the one presented by Dr. Rowe.

### SOCIAL EVENTS

#### Woman's Country Club Plans Annual Picnic.

"The American College" was the theme of an interesting paper by Mrs. Clark Stevenson, presented Tuesday afternoon at the regular meeting of the Woman's Country Club, entertained by Mrs. J. W. Rawlings, near Orleans. There were twenty members present and several visitors and the meeting as a whole proved highly profitable. Names of American colleges were used when the roll was called.

The next regular meeting will be the time for the annual picnic and this will be held at the home of Mrs. W. T. Scott. Mrs. W. H. Hinrichsen, Mrs. J. W. Arnold and Mrs. A. A. Curry constitute the program committee. The domestic committee consists of Mrs. George Holley, Mrs. William Cleary and Mrs. Ernest Walters.

#### Entertained for Miss Clancy.

Miss Agnes Teeffey of 312 North Prairie street entertained at a novelty shower Tuesday evening in honor of Miss Nellie Clancy who is to be married next Tuesday. The company numbered thirty of the intimate friends of Miss Clancy and the occasion was a most delightful one. Games and music furnished amusement for the evening, prizes being won by Miss Kittie Mackey, Miss Catherine O'Brien and Miss Margaret O'Brien. Dainty refreshments were served by the hostess.

#### Miss Anderson's Class Has Picnic at Park.

The Junior Loyal Daughters, Miss Melba Anderson's Sunday school class at Central Christian church, enjoyed a picnic Tuesday at Nichols park and a very pleasant afternoon was spent, with various games and the taking of pictures as modes of diversion. Miss Anderson was assisted by Miss Edith Carlson. Helen Birdsall was winner in a racing game which afforded much amusement. There were present Ruth Bradley, Augusta Webster, Juanita Burr, Helen Birdsall, Lota Meade, Madeline Alred, Marguerita Schoedack, Edith Strandberg and Freda Smith.

#### Entertained High School Class.

Miss Marguerite Reif entertained fellow seniors of New Berlin high school Tuesday evening at her home in Alexander. A delicious three course dinner was served and a pleasant social evening was spent thereafter. Flowers of the season were used with good effect by way of decoration. Miss Reif and thirteen classmates will be graduated at the commencement exercises tonight.

## Warm Weather Battery Hints

With the pleasant days of summer, comes a tendency for every motor car owner to overlook the necessary care of certain parts of his car which can't be seen.

One of these parts is the storage battery, and because of the important part it plays in starting, lighting and ignition, too much emphasis cannot be laid upon its care.

On this account, the Willard Storage Battery Company are instructing all of their 750 service stations to advise car owners throughout the country on the essential points of warm weather attention to batteries, probably the most important of these is water. During the summer, a storage battery should receive pure distilled water at intervals of a week or ten days. This is necessary because of the evaporation of the solution which gives the battery its life. If this solution is allowed to leave a portion of the battery plates exposed to the air, these plates will deteriorate and the life of the battery will be greatly shortened.

Another point to consider is the hydrometer test to determine specific gravity of the solution. This test should always average 1.280 and in cases where the car owner does not want to make the test himself, he can have it made free of charge at any Willard Service Station. If the battery is allowed to go below the gravity mentioned, it will gradually run down and refuse to turn over a starting motor or operate the electric lights.

By watching these two most important things, any car owner may expect the very best service from his storage batteries.

We have as complete a workshop and a force of as good mechanics as will be found in this section of the state. No job too large or too small but what it can be handled and done in the right way.

#### EDUCATORS OF NOTE WILL SPEAK AT COUNTY INSTITUTE

Arrangements Completed by County  
Superintendent for Session June  
5-10.

Arrangements have been completed by Supt. Vasconcellos for the annual teachers' institute of Morgan county. It will be held from Monday, June 5 to June 10 at the high school building. The instructors will be Dr. Stanley L. Krebs of Philadelphia, Pa., and Dr. Thomas S. Lowden of the state university of Ohio. These instructors are both well known in Jacksonville and are men of national reputation in educational affairs. A number of the lectures to be given are of much more than school room interest and the general public is privileged to attend.

#### DECORATION DAY IS WELL OBSERVED

STRONG ADDRESSES BY REV. F. M. RULE.

Veterans Turn Out in Good Force and Make March to Jacksonville Cemetery—Flags Are Well Displayed in Business and Residence Sections.

Decoration day has again been observed in our city and quite generously. Flags and national colors were well displayed; flowers in good quantities were brought to G. A. R. hall, a good delegation visited Diamond Grove cemetery in the morning and in the afternoon there was a good attendance at the regular services of the day.

As the veterans gathered at their hall on West Morgan street, it was sad to note that some of the old boys would be seen no more, as they were sleeping quietly in the cemetery about to be visited yet nearly all of those present still marched with form erect and steady gait, though, as they went along, several remarked they would hardly care to undertake an all day march with knapsack and usual contents, forty rounds of ammunition and three days' rations in the haversack.

The ladies of the Relief Corps were there and pinned on the button hole bouquets and in due time the line of march was formed as follows:

Platoon of police.  
Jeffries' Concert band.  
Co. B, 5th Regiment, I. N. G.  
Woman's Relief Corps.  
Mayor and commissioners on foot.  
Members of the Grand Army of the Republic.

Major C. E. McDougall was chief marshal and his aides were Oliver Shuff and Lloyd James and all were well mounted and did their duty well. The young men of Company B deserve especial mention for their soldierly bearing, fine drill and conduct generally. They acted like soldiers brave and true.

Jeffries' band rendered superb music on the march, in the church and in the cemetery and all they did was without a fault.

**At Centenary Church.**  
The shortest route was taken to Centenary church and there everything possible was done to make the occasion a success. Great courtesy was paid the veterans and ladies of the Relief Corps, while the church was profusely decorated with flowers, flags, bunting and portraits of eminent commanders. Commander John Minter presided and the following program was carried out.

Invocation—Rev. G. W. Flagg.  
Music—Jeffries' band.  
Reading Gen. Logan's first order for Decoration day—Major C. E. McDougall.

Vocal solo, "My Captain"—Mrs. Helen Brown Read; Mrs. Helen Bullard, accompanist on pipe organ.  
Reading President Lincoln's Gettysburg Address—Prof. J. H. Rayhill.

Vocal solo, "Star Spangled Banner"—Mrs. Helen Brown Read; Mrs. Bullard, accompanist.  
Music—Jeffries' Concert band.  
Address—Rev. F. M. Rule, D. D.  
The gentlemen who read did their duty fully while the singing of Mrs. Helen Brown Read fully sustained the exalted position that lady has attained in the musical world. Her efforts were received with hearty applause.

**Dr. F. M. Rule's Address**

The address of the day was by Dr. F. M. Rule and was truly a masterly effort, patriotic, eloquent, timely, free from bitterness and wholly suited to the occasion. A short outline is given:  
"Members of the Grand Army and Ladies of the Relief Corps: I feel honored in being here on this occasion. Some years ago when saying goodbye to Chaplain McCabe I said that I wanted him to live a thousand years and he replied he expected to live forever. And so today I bring you no message of sadness but one of cheer and hope and the trust that we may live always.

From time immemorial man has admired heroes and adored bravery. Egypt erected her pyramids to her kings and great men and all over Europe and America we see monuments of stone and bronze inscribed with the deeds of brave men. In America are eighty-one national cemeteries and they are dotted with monuments to leaders to followers both known and unknown. But pyramids and monuments must eventually pass away and the homes of the dead will some day be built over with the abodes of the living.

It is inherent in our land to make our institutions permanent. As a great statesman said the Fourth of July will ever be celebrated all over the land with the boom of cannon, the roar of musketry, and all manner of demonstrations and to this we add memorial and decoration days. This is the occasion when we signify honor the memory of the men who gave their lives that the country might live. Their noble deeds will ever be fresh in the minds of succeeding generations for it was their valor and sacrifice that saved our land to future generations.

Imagine for a moment the fearful consequences which would have followed had the cause of the union failed. Slavery would have prevailed the principle of secession would have been established and our glorious land would have been rent asunder and liable at any time to be returned by factional strife.

erous terms of Sherman our nation was greater than ever. Slavery is no more and war is past and now new questions arise.

The assimilation of ignorant foreigners who come here knowing nothing of our laws.

Our relations with Mexico and other lands.

Industrial questions.

The liquor question.

These are grave questions. Republics are said to be short lived but I have hope of ours if it is conducted on right principles.

There was a man with sad eyes and bleeding heart. He called for 75,000 men and more than 90,000 responded. He called for 500,000 and more than 700,000 responded and all thanks and honor to those brave men. True, they had worthy officers but it was the rank and file who won the battles. All thanks to them for this grand country of ours which their valor preserved to us free and unimpaired, the home of the free and the asylum of the oppressed. These men fought fierce battles; they built forts; they languished in prison rather than be untrue to their land; they fell in battle and some scared survivors are with us yet and this is the day we honor them. Today we rejoice that the barriers between the north and south are broken and may they never arise.

It is the ordinary man who is the determining factor in all things. The man who can settle all questions is hard to find. He is an American no matter from what land he comes; he becomes educated and assimilated and in due time he is a full fledged citizen of the land. There are eight necessary characteristics of a good man:

Good common sense.

Sensitiveness to public opinion.

Utilitarian ideas.

Content to feel for others and help them to better things.

Sometimes indifferent to popular notions and intensely practical.

Always intensely patriotic.

If need be an independent voter.

I thank God for our Mother Eve.

Sometimes we can't live with her daughters but we can't live without them. Above all things a man should be a christian. Even if he fails to ally himself with the visible church he should respect religion and the precepts of the holy book.

Europe may boast of her armies but America can boast of her men. Such men as Washington, Lincoln, Grant, Logan, Sherman, Simpson and a great host well attest the fact. The nation is as strong as its citizens; hence the hope of the nation lies in the average man. We today are indebted to the noble heroes who made possible this grand, united nation of ours. Never can we repay them but should ever manifest our respect and admiration for them and their heroic deeds. Yesterday all over the land people were gathering flowers and today they weave them into garlands and lay them tenderly on the last resting places of the noble dead. It is 51 years since that grand review and soon the sun will rise on the last survivor of the great conflict; the last veteran of the host who fought to give us the land we enjoy.

To all who remain we tender our sincerest love and sympathy and pray that heaven's richest blessings may be theirs; for their successors we ask an unbroken peace and good will on earth.

"America" sung by the audience and the benediction by Dr. Rule ended the exercises and then all marched in the same order as before, except that the ladies were in carriages, to Jacksonville cemetery where the regular ritual of the G. A. R. was carried out and the graves of the soldier dead decorated.

**At Diamond Grove Cemetery**  
Tuesday forenoon at 11 o'clock C. Riggs Taylor, R. R. Stevenson and John Becker took their automobiles and along with them went Comrades John Minter, commander, Hassell Hopper, Alex. Armstrong, George Paul, John Kirkman, L. Goheen, R. B. Mawson, Matthew Ring, Benj. Wood, J. M. Swales and W. J. Moore. The flowers were taken out in the carryall from the Jacksonville State hospital and the graves in Diamond and Calvary cemeteries were duly decorated.

#### QUESTIONS ON THE SUNDAY SCHOOL LESSON.

By Rev. T. S. Linscott, D. D.

June 4, 1916.  
The Call of the West. Acts 15: 36-18:15.

Golden Text: Come over into Macedonia and help us. Acts 16:9.

1. Verse 36. Why is it generally necessary to follow up any good work which we have commenced if we would make it a success?

2. Verses 37-39. Why would you say, or not, that it would have been better if Barnabas had first consulted Paul in matter of taking Mark?

3. Barnabas was a relative of Mark; are we as good judges of the fitness of our relatives for an office as we are of the fitness of others? Why?

4. Why is nepotism in government appointments looked upon with suspicion?

5. What good reason did Paul probably have for not wanting to take John Mark with them? (See Acts 13:13.)

6. If a man shows lack of courage or tact or persistence in one position that they would have had this disqualification him for another position?

7. If Paul and Barnabas had been exact duplicates of the man Jesus, is it probable or not, and why that they would have had this dispute about Mark?

8. Verses 40-41. This dispute between Paul and Barnabas resulted in two missionary deputations instead of one; would you therefore say, or not, and why, that God sometimes uses disputes between good men to work out good results?

## CHICAGO AND ST. LOUIS DIVIDE HOLIDAY HONORS

SALLEE BLANKS CUTS IN MORNING GAME

Chicagoans Solve Pitching of Steele and Pound Jasper in Afternoon, Winning 5 to 1—Williams and Smith Drive Ball over Fence.

Chicago, May 30.—Chicago and St. Louis divided honors in the holiday games today. After falling 3 to 0 for the left-handed offerings of Sallee in the morning the Cubs solved the pitching of Steele, another southpaw, in the afternoon and also pounded Jasper, winning 5 to 1. Williams and Smith drove the ball over the fence during the day.

Pittsburgh 9; Cincinnati 8  
Pittsburgh, May 30.—Pittsburgh defeated Cincinnati this afternoon by a score of 9 to 8. Free hitting and misplays contributed three runs to each side in the ninth inning. Manager Herzog of the Reds was hit on the head by a thrown ball while his team was practicing preceding the game and was carried off the field in an unconscious condition. He recovered later and an examination showed he was not seriously hurt. The morning game was postponed on account of rain.

Philadelphia, May 30.—After losing the morning game 5 to 1 and having their winning streak of 17 straight broken, New York this afternoon turned the tables and defeated the home team 10 to 2. During the afternoon event, Empire Harrison sent Manager Moran, Killifer and E. Burns off the field for objecting to his decisions on balls and strikes and Paskert was banished for hitting the umpire's whisk broom with his bat. Spectators threw pop bottles and cushions at Harrison and at the close of the game the umpire was escorted off the field by policemen.

NEWS FLASHES.  
Cincinnati, O.—Seven men who played fifes and beat drums during the Civil War led the veteran division in the Memorial Day procession here today. The old soldiers, tired of the modern music and the inability of the youthful musicians to play the time they require, recruited their own band as they did a half century ago.

Newark, N. J.—The great pageant, depicting the big events in the 250 years of Newark's history, will have its first presentation this evening. The early struggles of the pioneers, the growth of the settlement, its blossoming to city life and its present size and aggressiveness will be shown. The entire pageant will be presented on four successive nights.

Chicago—The formal opening of Chicago's municipal pier takes place today, and city and state officials are taking part in the ceremonies. The structure cost \$4,600,000, and is said to be the largest city pier in the world. It extends 3,000 feet into the lake, with a width of 300 feet. Large recreation facilities have been provided. The main purpose of the pier is to relieve crowding in the Chicago River and give the people more breathing space.

Washington—A novel celebration has been provided by government today. At the base of Washington's monument is hung a wreath 30 feet in diameter, and into this wreath tonight will be projected motion pictures of the great National Parks. This entertainment introduces a series of displays of motion pictures in all the public parks of the larger eastern cities, to coincide nightly through the summer months free to the public. There are reels of pictures of foreign beauty spots.

Beverly, Mass.—A prominent society wedding is that which takes place in St. John's Church here today, when Mrs. Josephine Rantoul becomes the bride of Henry Alexander Murray, Jr., of New York. Boston and New York society folk have come in large numbers for the ceremony, which takes place at high noon.

FRIAR ROCK WINS HANDICAP.  
New York, May 30.—Carrying 99 pounds, with Jockey Gainer guiding him, August Belmont's three year old colt, Friar Rock, by Rock Sand-Fairy Gold won the classic Suburban handicap at one and one quarter miles over the Belmont Park race track today in the excellent time of 2:05.

Mr. and Mrs. L. W. Brown and daughter, who have a suite of rooms at the home of Miss Carter, 921 West State street, have gone to their country home near New Berlin for the summer months.

## TIGERS AND SOX DIVIDE TWO GAMES

MORNING CONTEST GOES TO WHITE SOX.

Detroit Takes Second Game, Which Resolves Itself into a 10 Inning Slugging Match—Seven Pitchers are Used in Second Contest.

Detroit, Mich., May 30.—Detroit and Chicago divided the Decoration Day games, the morning contest going to the White Sox, 3 to 1, while the Tigers took a 10 inning slugging match this afternoon, 9 to 8. Seven pitchers were used in the second game. Each team scored three runs in the ninth. In the tenth Dauss was passed and he scored the winning run on Bush's sacrifice and Vitt's single.

Philadelphia, 2-1; New York, 7-0.  
New York, May 30.—The Philadelphia Americans won their first victory of the season in New York here this afternoon when the sensational young pitcher, Meyers, bested Shawkey, a former Athletic twirler in a pitchers' battle and won 1 to 0. Oldring's batting featured in today's games as he made five hits in seven times at bat in the two games. The first game was easy for New York. Crowell was wild walking eleven men.

## BLUE AND WHITE DROP LONG GAME

EASTERN ILLINOIS NORMAL TAKE SIXTEEN INNING GAME

Contest Full of Thrills From Start to Finish—Pierce Plays Sensational Fielding Game at Center Having Eight Put Outs—Score 12 to 9.

In one of the most exciting games ever witnessed on Illinois field Illinois college went down to defeat before Eastern Illinois Normal Tuesday afternoon by a score of 12 to 9. The battle went for sixteen frames before it was finally decided. During that time Illinois had the game won several times but lost it either thru poor work on the bases or by bad fielding.

It was a game with more good and bad playing in it than is often seen in a half dozen games. Both teams at times pulled off big league plays, only to turn around the next minute and play ball that would be a disgrace to a town lot team.

Pierce in center for Illinois played nearly the whole outfield. He had eight put outs during the afternoon. One of these, a catch of a fly from the bat of Turner in the second was as great a bit of fielding as one sees in the big show. Other chances accepted by Pierce also were difficult but none got away. Riedler caught a good game and kept up the "pep" but his one error was costly.

Whisler at third tho he erred several times played a good game and knocked down several base hits while his brother, E. Whisler made a beautiful catch off of Cook in the thirteenth inning.

For the visitors Hampton caught a good game and Anderson saved a number of wild throws at first. Cook who alternated at short and second also played a star game having a total of sixteen chances of which he accepted fourteen.

Neither team was able to put a run across in the first three innings. In the fourth Illinois penetrated the visitors' defense and scored a run on two singles and a wild pitch. Normal came back in her half of the fifth and scored two runs. Harris walked and went to third on Moore's double. Gaylord erred on Anderson's grounder and both scored.

Illinois was not to be denied, however, and came back in the sixth and scored three runs on two bases on balls and two doubles. The game went along without anything exciting and it looked as though Illinois had it stowed away in the bag until the ninth. Then a scratch infield hit, a single and sacrifice fly put over two runs and tied the score.

The tenth passed without incident out in the eleventh there was a bombardment that resembled that at Verdun only the gunnery was not so accurate. The visitors started the trouble. With the aid of a batter hit, an error, two doubles, a stolen base and a single four runs were pushed over. Illinois was not to be outdone, however, and came back with three singles, a double, two errors and a passed ball tied the count.

A fielders' choice, two stolen bases and an error gave Normal one in the twelfth. An infield single and two errors allowed Illinois to tie it again in her half, making it 9 all. The game then went until the sixteenth when the visitors with the aid of a single, an error, a stolen base, a fielders choice and a double scored three runs. The score:

## RESTA EASILY WINS INDIANAPOLIS RACE

AVERAGE SPEED IS 83.26 MILES AN HOUR.

Winner Completes 300 Miles, in 3:36:10.82 — D'Alene finishes Second and Ralph Mulford Third—Two Cars Overturn—Four Are Injured.

Indianapolis, Ind., May 30.—Dario Resta easily won the sixth annual international sweepstakes on the Indianapolis motor speedway today, completing the 300 miles in three hours, thirty-six minutes and 10.82 seconds. He finished two minutes ahead of Wilbur D'Alene, who was second in 3:38:04 and three minutes ahead of Ralph Mulford, who was third in 3:39:45.05.

Resta's average speed was 83.26 miles an hour. Ralph DePalma completed 300 miles of last year's 500 mile grind at an average speed of 90.21 miles an hour.

Four men were injured, one seriously, when two of the racing cars overturned. Jack Lecain, driving as relief for Jules Delaine, is in a serious condition as a result of overturning on the north turn. Lecain was caught under the machine, suffering internal injuries and an injury to his skull. The mechanic's car blew a tire and smashed into the wall at the top of the south turn. The mechanic, Jim McAllister was thrown over the wall and was bruised and cut.

Rooney was caught in the wreckage which slid down the track. He suffered a broken leg and dislocated shoulder.

After the one hundred and seventy-third mile, Resta had little competition for first place and the pace slowed up. Eddie Rickenbacher and John Aitkin fought Resta for the lead as long as they were in the race but engine trouble put both out. Rickenbacher in the tenth lap and Aitkin in the sixteenth. Rickenbacher later took the wheel or Pete Henderson's car and drove it over the tape in sixth place. The first ten drivers, who share the prize money, finished in the following order:

## AFTER SIX YEARS OF SUFFERING

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 175 pounds I went to 115 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says he knows your medicine has saved my life."—Mrs. J. S. BARLOW, 1624 South 4th St., Columbus, Ohio.

Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely. It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

## Today And A Generation Hence

Splendid Influence of a Well Known Remedy And Why All Expectant Mothers Need It

The flight of time makes us think of the future. The baby of today reflects what greatness may be acquired when it grows up. And any influence that helps to the expectant mother is the first and greatest of obligations. There is a splendid remedy known as "Mother's Friend" that has been a safeguard, a helpful daily influence, to a host of women. Applied externally to the muscles they become pliant, they stretch without undue pain, there is an absence of distress, the nerves are soothed by taking away the burden of leaving all to just natural conditions.

We do not know to what extent the comfort and ease of the expectant mother influences the mental development of the child. Its physical nature, however, must be greatly aided. And it may easily be understood why with a restful nervous system, a calm anticipation and a joyous expectancy, there can be none of those harassing disturbances to provoke nervous conditions.

There is in "Mother's Friend" the direct and immediate help that all expectant mothers require. Used by their own hand, guided by their own minds, they learn at once the blessed relief from morning sickness resulting from undue stretching. They experience daily calm and mighty rest. It is indeed "Mother's Friend." Get a bottle today of any drugist. Then write Bradford Regulator Co., 810 Lamar Bldg., Atlanta, Ga., for one of the most entertaining and valuable little books ever presented. It is worth writing for.

## CHICAGO COLISEUM HAS GREAT POLITICAL HISTORY

More National Conventions Held There Than in Any Similar Building in the United States—Two Additional Balconies Built For This Year's Conventions.

Chicago, Ill., May 30.—The Coliseum, where the Republican National Convention will be held beginning June 7, has a history rich in political interest. More national political conventions have been held in it than in any other building in the United States.

Three Republican national conventions have been held within its walls, and it was here also that the Progressive party in 1912 held its first national convention and nominated Col. Theodore Roosevelt for president. The Republicans nominated their presidential ticket in the Chicago coliseum in 1904, 1908 and 1912.

The building was designed as a model convention hall, but later adapted to broader uses. It was built by Charles E. Guntler and several business associates on the site of the old Libby Prison War Museum, at Wabash avenue and Fifteenth street, less than a mile from the hotel and retail shopping district.

The castellated wall of the old war prison were used for the Wabash avenue side of the structure. It was built of stone, brick, steel and glass and was finished in 1905. The building is 403 feet long, 170 feet wide and 114 feet high and cost nearly \$1,000,000. It has a wide balcony extending around three of the walls and is well lighted and ventilated.

For this year's convention two additional balconies with seats for 732 persons have been built between the main floor and the regular balcony. This gives a total seating capacity of 12,400, of which 9400 seats are on the main floor and 3000 in the balconies. The crowds will enter thru four main doors on the Wabash avenue side. There are twenty-two exits.

There will be 100 doorkeepers and 100 ushers in addition to a large special detail of police to handle the great crowds. The seating arrangements will follow the general plan of former conventions, although several changes have been made, which, it is believed, will add to the comfort and convenience of the delegates and visitors.

The speakers' platform, 20 feet long and 40 feet wide, is at the south end of the building. It will provide seats for the officers of the convention and members of the Republican National Committee. Suspended under the stand is a specially designed sounding board. It consists of an inverted concave pyramid, built of wood, with the apex over the head of the presiding officer. It is designed to throw the voice thru the hall.

Directly in the rear of the speakers' stand is a raised platform with 2000 seats for the use of presidential candidates and other distinguished guests. On either side of the speakers' platform extending the entire width of the building, is a press section, containing 558 seats, for working newspaper men.

Three-Story Annex Adjoints

In front of the speakers' stand are the seats for the 921 delegates and back of these is the space set aside for the seating of the alternates. The section reserved for delegates and alternates is inclosed with a heavy rail. The rest of the main floor and all of the balconies will be used for seats to accommodate the crowds of visitors.

Adjoining the Coliseum on the south is an annex, three stories high, 170 feet deep and with a frontage of about 100 feet on Wabash avenue. It is connected with the main building by several broad entrances. In the basement of the annex, at the south end of the main building and near the speakers' stand, is the telegraph and telephone room, where scores of special wires have been installed for the use of the news gathering associations and newspapers in sending stories of the convention to every section of the country. In the basement of the main building is a completely equipped temporary hospital in charge of twenty-five of Chicago's leading physicians and surgeons, who have volunteered their services for the occasion.

The upper floors of the annex have been fitted up with the administrative rooms of the officers of the convention. Here are the private offices of the chairman, secretary, treasurer and a score of minor officials. The convention post office for the prompt distribution of mail to the officials and delegates is in this section. There is a large meeting room for the Republican National Committee and numerous rooms for use of the committees of the convention.

In the decoration of the convention hall the managers departed from the long-established practice of practically relying exclusively on flags and bunting to obtain the desired artistic effect. This year the scheme of interior ornamentation is more elaborate and artistic than ever before, according to experts. The plan was designed by C. R. Hall, superintendent of the Coliseum, and Julius Floto, an architect. White and gold dominate the color scheme while American flags, shields and bunting are used to complete the working out of the decorative plan.

15,000 Yards of Bunting Used  
Eight thousand yards of white cloth, 4000 yards of gold cloth, 3000 yards of red, white and blue bunting and 300 American flags and shields were used in the interior ornamentation of the convention hall. The bare brick walls and steel girders which support the roof are concealed by twenty-six panels of white cloth, each 2x55 feet.

Each panel is decorated with a deep flounce of gold cloth. Hanging from the roof in the center under the large glass ventilators are large bars of gold cloth, which add to the artistic effect without obstructing

light and air. The balconies are tastefully festooned with red, white and blue bunting caught every 10 feet with bunches of small American shields.

On the wall back of the speakers' stand is hung a huge portrait of Abraham Lincoln, which has been in six Republican national conventions since it was painted in 1864. It was loaned to the convention by its owner, George Prince of New York.

The officers of the convention are: Temporary chairman, Senator Warren G. Harding, Ohio; temporary secretary, Lafayette B. Gleason, New York; sergeant-at-arms, William F. Stone, Maryland; chief clerk, Edmund J. Wachter, Maryland; official stenographer, George I. Hart, Virginia; chief doorkeeper, John J. Hanson, Maryland; chief usher, William Nelson Pelouze, Illinois.

The arduous work of making the preliminary plans for the convention was in charge of the Subcommittee on Arrangements of the Republican National Committee, composed of the following:

Chairman, Charles D. Hilles, New York; secretary, James R. Reynolds, Washington, D. C.; treasurer, George R. Sheldon, New York; sergeant-at-arms, William F. Stone, Maryland; James P. Goodrich, Indiana; John I. Adams, Iowa; Fred Stanton, Kansas; Charles B. Warren, Michigan; T. R. Niedringhaus, Missouri; Fred W. Estabrook, New Hampshire; Franklin Murphy, New Jersey; Ralph E. Williams, Oregon; and Alva H. Martin, Virginia.

The local committee, composed of Chicago business men, which raised \$100,000 to bring the convention to this city includes:

Fred W. Upham, chairman; Walter J. Malatesta, assistant to chairman; Kay Wood, vice chairman; John C. Roth, treasurer, and A. Sheldon Clark, secretary.

### OBITUARY.

Elizabeth, daughter of John and Dorothy Beoley, was born in Sheffield, England, April 16, 1839 and died at the home of her brother, Joseph Beoley, near Arenzville, Ill., May 26, 1916. She was one of eight children, three sisters, Sarah Beoley, Elizabeth Beoley and Martha Ellen (Beoley) Saunders and one brother, George Milton Beoley having preceded her to the home beyond.

Her parents came to America, when she was but three years of age and settled in Concord, Ill., where she grew to womanhood. She was converted in the old M. P. church in Concord, in 1857, thus becoming one of the charter members of the organization. She moved her membership to the Christian church in Cold Water, Kans., about 1884, where it remained until her death.

She was known as a faithful Christian woman, and taught a class for many years in the Sunday school in Concord. Even in her last sickness she did not falter or forsake her Christ.

She was married to Lewis Zerby, about 1859. He died 1864. She leaves two brothers, Joseph Beoley, of Arenzville, Ill., and Thomas Beoley, of Meredosia, Ill.; one sister, Mary Ann Skinner of Meredosia, Ill., two sons, H. L. Zerby of Eureka, Ill., and J. H. Zerby of Supply, Okla.; three daughters, Clara Griffith and Kitty Griffith of Coldwater, Kans., and Lottie Backman, of Glendale, Ariz., twenty six grandchildren, seven great grandchildren and a host of friends.

Funeral services were conducted from the M. P. church in Concord, Sunday afternoon at 3 o'clock by Rev. L. M. Mullikin, pastor of the Christian church, assisted by Rev. Mr. Fairchild, pastor of the M. P. church. The bearers were nephews, Edgar Beoley, Grover Beoley, Carl Skinner, Frank Skinner, Joseph Parlier and Ruel Parlier. Among those from out of Concord attending the funeral were Mr. and Mrs. L. L. Zerby of Eureka, Ill., Clara Griffith of Coldwater, Kans., Cecil Griffith of Plains, Kans., Mary Ann Skinner, Chester Skinner and family, Thomas Beoley and wife, of Meredosia, Ill., Wilber Skinner and wife of Jacksonville, Ill.

Interment was in the Concord cemetery.

### CHAPIN.

Mr. Wells of Winchester is a guest at the home of Mrs. G. H. Nergenah this week.

Mrs. Martha Brewer and daughter Miss Mabel of Little Rock, Ark. were called here by the serious illness of Mrs. Brewer's son in law, Ed Rice.

Mr. and Mrs. James Dyson of Curran spent Sunday with Mr. and Mrs. Richard Dickens.

Mr. and Mrs. Abner Armstrong of Jacksonville were guests of Mr. and Mrs. James Finch Sunday.

Marjorie, the little daughter of Edward Gimbell, is seriously ill with pneumonia.

One of the small children of John Flynn has the pneumonia.

Will Henry is contemplating a trip to Chicago during convention week. Will will come home a full fledged member of the G. O. P.

The new bungalow of P. H. Ham is nearing completion. Albert DeSollar & Bro. are the contractors. Any one contemplating building should consult the young men, who are experts in their line.

Mrs. Ray Bridgman, Mrs. Berte Huddleson of Chapin and Clarence Smith of East St. Louis attended exercises at Jacksonville Tuesday.

Orvil Dickens of Beardtown is spending a few days with his mother, Mrs. J. T. Dickens.

Yelma Bridgman accidentally stepped on a piece of glass recently, cutting her foot severely. The injury while very painful but not serious will detain Miss Bridgman at her home for several days.

## ANNUAL MEMORIAL SERVICES HELD SUNDAY AT MEREDOSIA

Sermon by Rev. Mr. Hancock of Methodist Church—Baccalaureate Service Sunday.

Meredosia, Ill. May 29.—Memorial services were held at the Methodist church Sunday morning when the pastor, Rev. T. L. Hancock, delivered a splendid address on the text Ecc. 8:8, "And there is no discharge in that war." The following veterans attended in a body: Fred Hillig, Fred Yeck, St. Clair Moore, George James, David Brakeville, Samuel Bennett, Thomas Hyatt, Charles Abrams and Luther Clive. As they entered the church, the orchestra played "Marching Through Georgia," which was very impressive. Appropriate music for the occasion was rendered by the choir.

Mr. and Mrs. Charles Thomason spent Saturday and Sunday with their daughters, Mesdames Glenn and Post, in Jacksonville.

Ed Yeck visited relatives in Jacksonville Saturday.

Floyd Giger made a trip to Pittsfield Sunday, returning home Monday morning.

Roy Lippert was a Springfield visitor Sunday. Returning, he stopped off at Chapin for the night.

Henry Hill and Miss Tillie Goebel of Jacksonville motored to this city Friday evening.

Miss Mabel Thomas of Clinton visited with friends here the latter part of the week.

Clyde McAllister visited his mother in Hannibal, Mo., Saturday and Sunday.

Arthur Hancock returned home Saturday from an extended stay with his uncle at Tuscola.

James Galaway was a county seat visitor Saturday.

Mr. and Mrs. A. E. Ritscher had for their guests Sunday their daughter, Miss Nelle, and Edward Wackerle and family of Jacksonville.

Miss Gladys Galaway of Jacksonville visited her parents, Mr. and Mrs. James Galaway, from Saturday until Monday and attended the baccalaureate services of the graduating class of which her brother, Elmo, is one.

Miss Ina Gibson attended the commencement exercises of her sister in Franklin Friday evening.

J. Chester Colton of Nortonville spent Sunday here with friends.

Mr. and Mrs. Tom Dudgeon made a business trip to Indianapolis, Ind., the first of this week.

Mr. and Mrs. Fred Fotsch and two sons of St. Louis are visiting with the former's mother, Mrs. Minnie Fotsch, and daughter Lydia.

The families of Chester Skinner and Thomas Beoley attended the funeral of Mrs. Lizzie Zerby at Concord Sunday.

High School Alumni.

The high school alumni banquet will be held in the auditorium of high school building Tuesday evening, June 6.

Mrs. Frank Beauchamp is enjoying a visit from her mother from Kansas City.

Misses Effie and Laura Bennett departed the latter part of last week for an extended visit with relatives in Kansas.

Baccalaureate Services.

The baccalaureate services for the graduates of the high school were held at the Methodist church Sunday evening, the pastor, Rev. T. L. Hancock, delivering the address on the subject of "The Three H's—the Head, Hand and Heart," which was full of enthusiasm and good advice to the class. The church was beautifully decorated with plants and cut flowers. The Sunday school orchestra and the choir furnished appropriate music for the occasion.

Mrs. Will Coultas of Jacksonville visited Monday with her daughter, Mrs. Gus Bennett.

George Hyde and son Earl were business visitors in Bluffs Saturday.

Mrs. Harry Harbert and daughter, Dorothy, departed Saturday for Bushnell, where Mr. Harbert has employment on a newspaper at that place and where they will reside.

Rev. P. A. Sorenson, wife and two children were visitors here Monday.

### YATESVILLE.

I. C. Yancy of Bloomington visited his parents here over Sunday.

Herchel Williams and wife and daughter spent Sunday with Henry Means and wife, who recently moved from here to what is known as the Joe Hodgson farm, near Sinclair.

Miss Edith Holmes is visiting with Bessie Robinson for a few days near Prentice.

Several from this place attended the festival at Oakridge Thursday evening.

Rev. C. G. Cantrill filled his appointment at Berea Sunday morning and evening.

What this world needs is fewer creeds and more real charity.

## RACES AT DRIVING PARK DRAW FAIR SIZED CROWD

Jacksonville Driving Club's Decoration Day Program Proves a Good One.

A crowd of fair proportions witnessed the opening of the local harness racing season at the Jacksonville Driving club's south side park yesterday afternoon, when a five-race program was staged.

The weather man was extraordinarily kind and the day was ideal in many respects. Fully fifty per cent of those present came in autos or rigs of some sort. There was a good proportion of the fair sex present, and they made up for their numbers in point of interest displayed in the various events. The Merritt band furnished an excellent program of music for the afternoon and helped to make the occasion one of pleasure.

Four of the races, the principal races of the day, the 2:30 trot, the 2:25 pace, the 2:25 trot, and the 2:20 trot, were mile heat events. The buggy race, a hotly contested one, went half-mile heats.

The only accident to mar the day came in the second half of the 2:25 trot. Nathan Purvines had taken Wright's place behind Baron Rumor in this heat. As the horse passed the first eighth pole he broke and a few seconds later tripped against the bank in such a way that he fell, throwing his driver and turning his sulky clear of the track. Purvines was thrown almost head foremost, his right cheek was cut just below the eye by his glasses which were broken in the fall. Outside of this injury below the eye, which is not believed serious, and a general shaking up, he escaped rather luckily. He was able to continue racing.

In the 2:30 trot, the first event of the day, Gypsy Joe, a St. Louis horse owned by one Jones of that city, McDaniels up, won the race. Blue Jay, McDaniels up, topped the 2:25 pace in straight events. Miss Opheliapeter, Green up, owned by William Foster, of east of Jacksonville, took second in both heats. Piasa Bird took the 2:25 trot in easy fashion.

The buggy race was won by Tony, Harrison Davenport up. The best race of the day came last, on the program and was the 2:20 trot. This went three heats, with Charles Thompson's Peter Kingston copping the first and third heats and the race. Many thought that this race would not go beyond two heats after the finish of the first, but in the second heat Marie Constant, Clark Green driving, nosed Peter Kingston out at the wire.

### Officials.

Starter—John Clary.

Judges—A. D. Arnold, John Pate, and Grant Graff.

Timers—Scott Green, William A. Masters and Clark Stevenson.

### Notes.

George Peak of Winchester was looking over the fields yesterday, probably with an eye to what he may have to compete with at some of the Scott county race meetings this summer.

Charles Shuff of New Berlin, owner of Baron Rumor, the horse which fell at the first turn of the second heat of the 2:25 trot, was at the track and witnessed the accident. Luckily neither Mr. Purvines nor the horse were seriously hurt.

C. M. Strawn of Alexander was among the interested spectators at the track.

William Foster, of east of the city, was one of the most interested attendants at the races yesterday, as he had two horses entered. Miss Opheliapeter, in the 2:25 pace and Marie Constant, in the 2:20 pace. Both horses took second honors in their respective events. Mrs. Foster was also among the visitors in the grandstand.

Yesterday's races, opening the local season, augur well for a good season for the local driving club. There seems to be a great deal of interest manifested in the sport hereabouts. At New Berlin and at Winchester there has been much rivalry among the horsemen and it means ultimately better horses and better, and faster, more spirited contests.

Two of the most likely looking trotters displayed yesterday were exhibited to the public in the 2:20 trot. These were Charles Thompson's Peter Kingston and William Foster's Marie Constant. These horses with proper care and handling should be money makers this and succeeding seasons if they are kept within their class.

Man is made of dust—and is always out for more.

Man is made of dust—and is always out for more.

William Foster, of east of the city, was one of the most interested attendants at the races yesterday, as he had two horses entered. Miss Opheliapeter, in the 2:25 pace and Marie Constant, in the 2:20 pace. Both horses took second honors in their respective events. Mrs. Foster was also among the visitors in the grandstand.

Yesterday's races, opening the local season, augur well for a good season for the local driving club. There seems to be a great deal of interest manifested in the sport hereabouts. At New Berlin and at Winchester there has been much rivalry among the horsemen and it means ultimately better horses and better, and faster, more spirited contests.

Two of the most likely looking trotters displayed yesterday were exhibited to the public in the 2:20 trot. These were Charles Thompson's Peter Kingston and William Foster's Marie Constant. These horses with proper care and handling should be money makers this and succeeding seasons if they are kept within their class.

PRESIDENT DEFINES  
SPIRIT OF AMERICA

(Continued from page one.)

mon them and I summon them very solemnly not to set their purpose against the purpose of America. America must come first in every purpose we entertain and every man must count upon being cast out of our confidence, cast out even of our tolerance, who does not submit to that great ruling principle.

"We are not only ready to co-operate, but we are ready to fight against any aggression, whether from without or from within.

"America does not want any additional territory. She does not want any selfish advantage over any other nation in the world but she does wish every nation in the world to understand what she stands for and to respect what she stands for, and I cannot conceive of another man of any blood or origin failing to feel any enthusiasm for the things that America stands for, or waiting to see that they are infinitely elevated above any purpose of aggression or selfish advantage.

"I said the other evening in another place that one of the principles which America held dear was that small and weak states had as much right to their sovereignty and independence as large and strong states. She believes that because strength and weakness have not got to do with her principles. Her principles are for the rights and liberties of mankind, and that is the heaven which we have offered to those who believe that sublime and sacred creed of humanity. And I also said that I believe that the people of the United States were ready to become partners in any alliance of the nations that would guarantee public right above selfish aggression.

"We have been engaged recently my fellow citizens in discussing the processes of preparedness. I have been trying to explain to you what we are getting prepared for and I want to point out to you the only process of preparation which is possible for the United States. It is possible for the United States to get ready only if the men of suitable age and strength will volunteer to get ready. I heard the president of the United States chamber of commerce report the other evening on a referendum to 750 of the chambers of commerce of the United States upon the question of preparedness and he reported that 99 per cent of them had voted in favor of preparedness. Very well, now, we are going to apply the acid test to those gentlemen, and the acid test is this: Will they give young men in their employment freedom to volunteer for this thing? I wish the referendum had included, that because that is of the essence of the matter.

"It is all very well to say that somebody else must prepare, but are the business men of this country ready themselves to lend a hand and sacrifice their interest in order that we get ready? We shall have an answer to that question in the next few months. A bill is lying upon my table now, ready to be signed which bristles all over with interrogation points and I want all the business men of the country to see that interrogation point staring them in the face. I have heard a great many people talk about universal training—universal voluntary training, with all my heart, if you wish it, but America does not wish anything but the compulsion of spirit of America. I for my part do not entertain any serious doubt of the answer to these questions, because I suppose there is no place in the world where the compulsion of public opinion is more imperative than it is in the United States. You know yourself how you behave when you think nobody is watching? And know all the people of the United States are watching each other. There never was such a blazing spotlight upon the conduct and principles of every American as each one of us now walks and blinks in it. And as this spotlight sweeps its relentless rays across every square mile of territory of the United States I know a great many men even when they do not want to, are going to stand up and say, 'here', because America is aroused, aroused to a self-consciousness and a national self-consciousness such as it has not had in a generation."

NEW BOARD TO MEET THURSDAY  
AT DAVID PRINCE SCHOOL

Members Will Take Oath of Office Today—Plan to Pursue Conservative Methods with Regard to Appointments.

The first official meeting of the newly elected school board will be held Thursday evening at the David Prince school, it was announced by President Lippincott Tuesday night. Mr. Lippincott was sworn into office Monday and the nine members, it is understood, will be given the oath today.

Members of the board were entertained Tuesday evening at 6 o'clock dinner by Mr. and Mrs. Lippincott at their home on West College avenue. The occasion was purely social, the school topics were naturally paramount.

While it is understood that a large number of applications for position have been received by the president and by members of the board, it seems the intention to pursue a conservative policy in this regard and to make no new appointments except those necessitated by vacancy.

The primary business at the first meeting will be the consideration of applications for the superintendency, of which there are several. Mr. Collins is not an applicant for the position and the opinion seems to prevail that the executive duties will be divided between a city superintendent and a principal of the high school. The drawing for length of term, whether one, two or three years, will also be an important part of the first business of the board.

There has been considerable discussion as to the policy regarding the clerk of the board, but from statement of Mr. Lippincott Tuesday night it seems likely that one of the board will be designated as clerk.

## MORTUARY

## Blodgett.

A Belvidere paper contains an account of the death of Prof. James H. Blodgett of Washington, D. C. He had a number of relatives residing in this county, among the Mrs. James Cowdin of Joy Prairie. He leaves two sisters, Mrs. John Ramsey and Mrs. Harriet Carpenter of Belvidere. The account says:

Prof. Blodgett had been afflicted with heart trouble for several years, its culmination coming after confinement to his home for two weeks. He was 84 years of age last February and leaves his wife and one son. The son, Frederick H. Blodgett, is professor of biology at the agricultural station near Bryan of the state, college of Texas. There also survives one other sister, Mrs. Mary B. Goddard, of Ypsilanti, Mich.

Professor Blodgett enlisted at Amboy, this state, in August, 1862, in Company E, 75th regiment Illinois Infantry, for service in the civil war and received promotion to the positions of captain. He participated in many campaigns and was confined for three months in Libby prison.

At the close of the war he located in Rockford, Ill., and became superintendent of its public schools, retaining his connection with the schools for sixteen years. He then went to Washington, D. C., where he had been appointed to a position in one of the governmental departments and had up to his resignation four years ago, been through various administrations continuously in the service of one of these departments.

Prof. Blodgett was a man of fine character, high intellectual attainments and a splendid education, and withal of an engaging personality. His friends everywhere were legion and they will receive with much sorrow the announcement that he has gone from this life.

## MEMORIAL DAY AT WASHINGTON

Washington, May 30.—The Memorial Day exercises at the National Capital are from year to year taking on a more general atmosphere of tribute. The Capital is distinctly a southern city, and in the years gone by a large portion of the population took no part in the ceremonies. South and North are joined more strongly in honoring the men of both sides who fought in the great Civil War.

Bright and early this morning, forty daughters of the Confederacy embarked on the yacht Sylvia at Long Bridge, and they strewed the waters of the Potomac with flowers, as a tribute to the jacksies of the old days.

Following this ceremony, exercises were held at eleven o'clock at the Maine section of the Arlington cemetery. A feature of these exercises was the tribute paid to the men who were lost in the sinking of the submarine F-4 in the harbor of Honolulu.

Among the speakers were Representative Meeker of Missouri, Dr. Carlos de Cespedes, minister from Cuba, Gen. H. Ogden Lake, national commander of the Army and Navy Union and Dr. Clarence J. Owens, managing director of the Southern Commercial Congress.

President Wilson will be the principal speaker at the afternoon exercises at Arlington Cemetery, it is announced. Many thousands will attend the annual exercises.

The exercises of the Spanish War Veterans also bring out some notable speakers. John Burke, treasurer of the United States and Representative Edwards of Georgia, are the orators at these exercises.

FOUR / R KILLED WHEN WOODEN  
AWNING COLLAPSES DURING PARADE

DALLAS, Texas, May 30.—Four persons were killed when a wooden awning collapsed late today in front of a store in the heart of the business district while an immense crowd was witnessing a parade in favor of preparedness.

The dead: Albert Cannon, aged 40; Mrs. P. E. Allen, aged 70; A. E. Lott, aged 60; Mildred Butler, aged 12.

A score of others were injured, several of them probably fatally.

The parade was considered one of the greatest popular demonstrations ever held in the southwest. More than 25,000 persons were in line bearing American flags and banners with inscriptions favoring a larger army and navy. The parade required two hours and ten minutes to pass a given point. Many thousands viewed the demonstration.

Its naturally a serious operation for a girl to open her heart to a man.

Additional Funds Necessary for Completion of Work—Players Should Be Familiar with General Rules—Various Firms Contribute Materials.

The various improvements in the golf course at Nichols park are well under way and a part of them have been completed. The work done has used up all of the funds appropriated for that purpose and further contributions are needed. The golf course now includes twelve holes and while the south portion is new and not in as good condition as the old grounds, it is rapidly getting into shape and the whole course is one of which Jacksonville players can well be proud.

The distances between some of the holes on the new links are no longer than is true on the north side and the water hazards add greatly to the desirability of the course from experienced players' standpoint. Bridges are near at hand for convenience in crossing the three water hazards. The proximity of the golf course to the baseball ground makes it desirable for players to cut out No. 5 and play direct from No. 4 to No. 6 when the ball games are in progress, thus eliminating the possibility of injury to spectators.

While the grounds are in excellent condition and being enjoyed every week, players are frequently able to make suggestions which will tend toward the general betterment of the course. Such suggestions are welcome and should be mailed to F. E. Farrel, who has served as chairman of the committee directing the work. The course as now laid out consists, as indicated, of twelve holes, as follows:

Hole No.	Distance	Bogey
1.....	250 yards	4
2.....	160 yards	3
3.....	160 yards	3
4.....	250 yards	4
5.....	300 yards	4
6.....	180 yards	3
7.....	180 yards	3
8.....	180 yards	3
9.....	80 yards	3
10.....	160 yards	3
11.....	170 yards	3
12.....	215 yards	4

Substantial sand boxes with water buckets and brushes for cleaning balls have been placed at all the teeing places and the desire has been expressed by the committee that all players familiarize themselves with the general rules of golf and with the regulations pertaining to the Jacksonville course. A very proper regulation has been made that players who are using the whole course will be given preference over those who are using only the north side holes, and consequently those playing the twelve holes will be given the right of way.

In making the betterments at the course, the committee, in addition to cash contributions, secured valuable materials from the following firms: Crawford Lumber Co., La-Crosse Lumber Co., F. J. Andrews Lumber Co., Simeon Fernandes & Sons and Central Union Telephone Co.

### W. R. RANKIN DIED TUESDAY IN A CHICAGO HOSPITAL

Deceased Was Wealthy Banker and The Friend of Educational Institutions.

A telegram received Tuesday by Dr. Joseph R. Harker announced the death of W. R. Rankin at a hospital in Chicago. The funeral is to be held Friday at Onarga and Dr. Harker will probably attend. Mr. Rankin is a wealthy banker and stockman with large interests at Onarga and Tarkio, Mo. It was he who gave \$10,000 toward the last \$100,000 of endowment fund raised for Illinois' Woman's college. He has made gifts to quite a number of educational institutions and was a man of large wealth who was genuinely interested in religious and educational work.

### NATIONAL CO-OPERATORS' COUNCIL DOES GOOD WORK FOR GRAIN MEN

Has More than Once Stood in Way of Freight Rate Increases—Would Secure Uniform Bills of Lading.

The National Council of Farmers' Co-operative associations which held its annual convention last week in Des Moines, Ia., is proving a helpful agency in many ways, according to A. C. Rice of this city, who was one of two delegates present to represent Illinois. The council includes Farmers' grain dealers' associations in nine states, Illinois, Iowa, Nebraska, Kansas, North Dakota, South Dakota, Minnesota, Indiana and Ohio.

It was thru intercession of the co-operators' council that a recent one cent freight rate increase was prevented in Illinois. A five per cent increase on grain shipments was prevented recently in western states belonging to the council also.

Members of farmers' grain associations have within recent years developed a system of mutual insurance which has proved highly beneficial and at the Des Moines convention steps were taken by which co-operators in other states may be enabled to take advantage of this plan.

The securing of uniform bills of lading was endorsed and the convention went on record in favor of a bill now before congress which provides that the bill of lading shall constitute an adequate receipt for all grain shipments.

For several years the council has been keenly on the alert in defense of measures which will aid the farmers' elevator men and rural co-operative organizations generally. Thru the association within the several states, the council speaks for 350,000 people or more and on many occasions timely aid has been given the co-operative movement.

### FARMER LOST BIG SUM THRU FLORIDA SWINDLE

Decatur Man Lets Sharper Have Letter of Credit and is Now Minus \$4,500.

A Decatur paper gives the following story of how a retired farmer living in Decatur lost \$4,500 in a Florida land swindle. That state has proved a most fruitful field for the sharpers of several kinds during recent years.

Henry Hurd of West Macon street, retired farmer, and since he left his Cerro Gordo farm, a respected resident of this city, told Monday how he had been victimized of \$4,500 by a gang of sharpers in St. Petersburg, Fla., where the Hurds spent a part of last winter.

The old "horse race game" was worked upon Mr. Hurd. He was told that he had won thousands and that his money would be forthcoming. It has never come and never will.

### Got Letter of Credit.

A man giving the name of G. Miller, who said that he was a former resident of Normal with children in the school there, was the undoing of Mr. Hurd. He invited him to go out to Clearwater to look over some land which he (Miller) said he intended to buy and on which he wished Mr. Hurd's judgment. Miller, in turn, introduced him to one Lewis, who asserted that he was connected with the association that was putting on the horse races, and who said he knew just what horses would win.

Mr. Hurd put up his money on what was supposed to be a sure thing. He did not attend the races himself, but allowed his friends to handle his cash. They told him that the bookmakers would have to have some means of identification and that his letter of credit from a Decatur bank would answer. Mr. Hurd had taken a \$5,000 letter from Decatur and had drawn about \$500 on it. It was the balance that the sharpers received.

The gang told Mr. Hurd a cock and bull story to the effect that the collections would be made at one of the booking offices, and that they would secure the money and give him his share. Mr. Hurd's suspicions were aroused before he left Florida the latter part of March. They began to be confirmed after he returned home.

### Stranger Offers Suspected Aid.

It was only two weeks ago that Mr. Hurd was called up by phone by a man who said that he was John-son, attorney for G. Miller. The man asked him if he could come down town. Mr. Hurd agreed to meet him at 2:30 o'clock at Water and Main streets.

"Your money is in Springfield," said the stranger after meeting Mr. Hurd and introducing himself. "Can't you come over tomorrow on the 8:05 car, and get your share?"

Mr. Hurd assented, but the more he thought about it, the more perplexed he became as to what he should do. He went to the court house to consult with States Attorney Jesse L. Deck about getting some protection, but met instead Assistant States Attorney J. W. Montgomery, to whom he told the whole story. Mr. Montgomery immediately got in touch with the police in Springfield and told them to look out for the men.

At 7 o'clock that evening "Johnson" called up again to say that the meeting would have to be called off as Miller was in Chicago. It is Mr. Hurd's belief now that the gang was after still more of his money, and that its members had taken alarm when he visited the state's attorney's office. The Springfield officers never have seen the men and doubt if they ever came to that city.

### Knew Illinois Well.

Both Mr. and Mrs. Hurd could identify the men should they ever see them again. Miller evidently was the "come-on." He suggested in appearance a plain, elderly farmer and was well versed in Central Illinois matters, knowing persons and localities.

He first met Mr. Hurd on Illinois day when the residents from Illinois had their picnic. Mrs. Hurd was unwilling that her husband should go off on the land-viewing trip, but Miller said that they would be away only two days, and she finally gave her consent. Even after he had assisted in fleeing Mr. Hurd Miller was a guest at their home twice.
